If you request a service that requires us to give you personal financial advice, we will provide you with a nominated financial adviser. By personal financial advice, we mean that advice that will take into account your personal objectives, financial situation and needs.

MTA has authorised advisers to provide these financial services to you and the details of your nominated adviser can be found in the Adviser Profile given with this FSG where appropriate. The Adviser Profile will outline the adviser contact details together with the training, education, experience and authorisations for that adviser.

As the Licensee, GFS is responsible for the advice you receive from us. If your adviser is unable or unwilling to provide you with personal advice or services in respect of certain products or considered

to be in your best interest the adviser will refer you to another representative of MTA or explain why they are unable to provide that advice.

MTA maintains and regularly reviews its approved products list (APL) which contains all products that have been selected only after a rigorous due diligence by management. The APL is a complete and exclusive list of all products provided by MTA and its Corporate Authorised Representatives and Authorised Representatives. For a copy of the list, please contact MTA on the above contact details.

General Financial Advice

At times MTA may only offer you general financial product advice, including where Authorised Representatives are only authorised to give General Financial Product Advice. You should note that general financial advice does not relate specifically to you and therefore may not be appropriate to your particular financial needs, objectives, financial circumstances and best interests. You need to take this into account before deciding whether or not to act on this advice.

Personal Financial Advice

MTA recommends that you should always seek the advice of a qualified Financial Adviser. If our Financial Advisers provide you with personal financial advice your initial discussions should be treated as a Fact Find and you may be required to complete a questionnaire that includes personal information. (Please see our Privacy Policy which can be found on our website, www.mytradingadvisor.com) This is important as every situation is unique to the individual and the advice you receive should be tailored to your specific needs and at all times be in your best interest.

This information will allow your planner to prepare a Statement of Advice ("SoA") which you will receive at the time or as soon as is practical after the advice is given. This statement will set out the advice, the basis on which the advice was given and any remuneration or other benefit that we, including your financial adviser and associates, may receive. We will also include details of any matter that might reasonably be expected to be capable of influencing us in providing this advice or be considered a Conflict of Interest.

If you maintain a personal advice relationship with us, then generally we will not provide a SoA for further advice situations unless there have been significant changes to either your personal circumstances or the basis of the advice since your last SoA was provided. In these circumstances however, we are still required to keep a Record of Advice ("RoA"). You have the right to request a copy of the RoA at any time.

From time to time you may receive a Product Disclosure Statement (PDS). A Product Disclosure Statement (PDS) is a document, or sometimes a group of documents, that contains information about a financial product including any significant benefits and risks, the cost of the financial product and the fees and charges that the financial product issuer may receive. We recommend that before you invest in any product you read the relative PDS and please ask any questions for anything you are not sure of.

If you enter into an ongoing arrangement, you will receive a written agreement which outlines the ongoing fees that you will pay along with the services to be provided to you. This is an ideal time to discuss the fees you are paying with your adviser, of course this can be done at any time.

You will also receive a renewal notice every year seeking your consent to continue to provide the financial product service to you where ongoing fees are involved.

Buying and Selling Shares

Acting as your agent, we will buy and sell securities on Australian Securities Exchange (“ASX”) or any other appropriate global exchange for you. Once your securities have been bought or sold, you will receive a contract note or confirmation from us or the executing broker setting out the details and costs of the transaction. We will not accept orders for ‘short sales’ on ASX.

A short sale is where the seller does not presently hold or have the immediate right to hold title to the security.

MTA is not a participant of ASX and will always engage an executing broker to effect transactions. Executing brokers are clearing participants or engage a clearing participant to settle trades on ASX. MTA has relationships with several online trading platform providers including Interactive Brokers and Saxo Capital Markets (Australia) Pty Ltd.

MTA, its advisers and authorised representatives, the executing broker and the clearing participant have the right to refuse to accept orders from any person at any time and do not have to provide a reason for this refusal.

You may specify how you would like to give us instructions to trade e.g. by telephone, email or other means.

Where we provide you with execution related telephone advice, you may request a written record of that advice.

You should be aware that MTA may record telephone conversations.

If you are buying shares or any other financial product we require you to provide the funds in advance. Please note that in accordance with industry practice and regulation, we cannot accept cash.

- **Penalties**

Fees will be charged on accounts that do not settle in accordance with industry practice. If you owe us money, we reserve the right to charge interest on any amounts outstanding. Default in payment may result in sale of the securities, including any other securities held in a client’s account, to recover costs and may incur fees from executing and clearing providers.

Product Disclosure Statements

When advice is given, we will also give you, where appropriate, a Product Disclosure Statement issued by the product provider containing information you would reasonably require to make a decision about whether to acquire the financial product. The PDS will disclose details of any fees and charges payable for that product and include significant risks and benefits.

Privacy

MTA values its client confidentiality and for details of our Privacy Policy and how this relates to you information please visit our website www.mytradingadvisor.com.

AML/CTF

As a financial service provider, we have an obligation under the Anti-Money Laundering and Counter Terrorism Finance Act to verify your identity and the source of any funds. This means that we will ask you to present identification documents such as passports and drivers licence. We will also retain copies of this information. We assure you that this information will be held as per our Privacy Policy.

What Do You Pay For Our Services?

MTA is remunerated through the fees and commissions that we charge you. To assist you in making an informed decision we will discuss with you and agree on any fees payable before providing a service. The Corporations Act requires us to fully disclose all fees and charges, so if you are in doubt please ask us to explain.

Remuneration based on commissions or volume will not be accepted except where specifically permitted by law and/or where informed consent is first provided by you.

You may be charged a fee for the services we provide or we may be paid a commission or brokerage or a combination of the two may apply. All fees and commissions are payable to the Licensee and include the fees we pay for clearing and settlement where appropriate.

The level will vary with the financial product being traded, the frequency of your trading activity, the type and level of service and the size of the transaction. Fees and commissions are subject to negotiation prior to us providing you with a financial service. As part of our negotiations, all share trades would normally be subject to a minimum dollar cost which would apply if the brokerage calculated by any other method fell below the minimum figure. Once disclosed and agreed, these fees and commissions will be charged at the time your transaction is executed or the service is provided.

The fees listed below relate to all of our products. Please refer to the Product Disclosure Statement and associated literature for specific fees that will relate to a particular product.

- Australian Shares - \$75 or 0.55% (whichever is greater)
- Australian Options - \$75.00 or 0.55% (whichever is greater)

Financial Advisers

To assist you in making an informed decision your Advisor will discuss with you and agree on any fees payable before providing a service. The Corporations Act requires us to fully disclose all fees and charges, so if you are in doubt please ask us to explain. You will receive an annual Fee Disclosure Statement that will confirm the ongoing fees and related services that you are paying for.

You may be charged a fee for the services we provide or we may be paid a commission or brokerage or a combination of the two may apply. All fees and commissions are payable to the Licensee (GFS) and include the fees we pay for financial product providers.

Alternately you and your adviser may choose to enter into a flat fee-based arrangement whereby you will pay a per annum service fee, based on the value of assets that are managed on your behalf. This fee will be negotiated by you and your Adviser and will be agreed in writing within the Letter Of Engagement at the time when your account is opened. The fee is calculated on a per annum basis and may be charged monthly or quarterly in arrears.

The level of fee charged will vary with the financial product, the frequency of your trading or investment activity, the type and level of service and the size of the transaction. Fees and commissions are subject to negotiation prior to us providing you with a financial service. As part of our negotiations, all share trading will be subject to a minimum dollar cost which would apply if the brokerage calculated by any other method fell below the minimum figure. Once disclosed and agreed, these fees and commissions will be charged at the time your transaction is executed or the service is provided.

We may receive commissions from Life Insurers when acting on your behalf. These commissions are calculated as a percentage of the amount paid as a premium. Additionally, we may receive trailing commissions from Life Insurers.

From 1st January 2019 these commissions are capped at 77% (including GST) for initial commissions and 22% (including GST) for renewal fees. From 1st January 2020 the initial commission cap will reduce to 66% (including GST)

For facilitating the roll over and preparing the appropriate Statement of Advice, a fixed fee of \$330 (including GST) will be charged.

Other Benefits We May Receive

MTA, its advisers and authorised representatives may from time to time receive non-cash benefits with a cash value less than \$300. Details of benefits in excess of \$300 will be maintained on a register. These benefits will normally be one off and will not be received from a product provider on a regular basis.

You have a right to request further information in relation to the remuneration, the range of amounts or rates of remuneration, and soft dollar benefits received by the licensee and/or representative.

Grange may host a formal annual training event. This event is attended by advisers of the Financial Services Licence and is funded by a variety of product providers on our APL.
